## Hamlin Store Is Robbed Thursday

### Cash and Cigarets Are Taken From Simpson's Store; Burglar Sought

Burglars who broke into Simpson's grocery store on North Central avenue last Thursday night took \$8.44 in cash from the store, and an undetermined amount of cigarettes, candy and other items, Joe Simpson, proprietor, said this week.

The burglars entered through the front door of the building, where they pried loose the lock and pulled the door shut after they left to prevent detection of the crime before morning.

Officers have made an intensive investigation in an effort to determine the identity of the burglar, but J. H. Foster, Hamlin city marshal, said no real clues have been uncovered.

A car was observed parked in front of the door to the store about 10:00 o'clock Thursday night, and a machine of the same description as seen at the same place shortly before midnight.

Officers believe that the burglar entered the store, which was well lighted, and remained crouched behind the checking counter to avoid detection while he pilfered the cash drawers and cigarette shelves.

The Simpson store was robbed about three years ago, Simpson said.

## Mice Whip Anson in Second Game; To Play Merkel

Anson's Mighty Mice ran true form last Thursday night when they ran rough shod over the Anson Cubs in a game on Piper Field to a score of 34 to 6.

It was the second time this season the Mice had trounced their enemy seat rivals.

Anson scored first, early in the first period, but failed to convert, and the Mice came back strong to tie up the lead of 6 to 0.

The game was played in a slight drizzle, and the cold of the fall evening caused many fumbles by both teams.

After the opening kickoff Hamlin ambled and Anson recovered to start a series of plays leading to the victor's lone touchdown.

Troyce Hargrove ran 40 yards through the Anson line for Hamlin's first touchdown, and passed to Robert Fletcher for the extra point. Later Hargrove passed again to Fletcher for a 20-yard throw and a second score. The extra point was good.

In the second period Hargrove led 10 yards off tackle for the first and scored a touchdown. He moved through the same hole for a second tally.

During the game, Hargrove intercepted a pass after he had half and raced 60 yards for his first touchdown of the game. Blocking for the run was perfect.

Milton Butler shoved his way through the line in the fourth period and eluded a pair of Anson players. He then raced 72 yards for the lone score. Hargrove's kick was good.

The Mice will play Merkel next Friday, November 16 to wind up the season. The game scheduled for Merkel for October 28 was called off because of bad weather.

Long Is Fined \$100 on Disturbance Charge

Andy Long of Hamlin was fined \$100 and \$17.60 costs in county court Anson Monday morning on a charge of being intoxicated and disturbing the peace, according to records of the court.

Long was arrested in Hamlin Monday night by City Marshal J. H. Foster, who said he was unable to find him when he was unable to pay the fine.

RELATIVE DIED.

Lola Harbert of Hamlin went to Anson Sunday to attend funeral services for her sister-in-law, Mrs. Betty. She was accompanied by Mr. and Mrs. Weldon Carter and Joe Wayne, of Hamlin. Mrs. Harbert and two children of her husband, and Mrs. J. T. Hart of Anson.

Funeral services for Pfc. James F. Herron of Sylvester were conducted in the Noodle Baptist Church at 2:00 p. m. Wednesday with the Sylvester post of the American Legion in charge.

Herron's body was returned to his native community this week from Europe, where the young soldier was killed in a traffic accident in Western Germany, October 28, 1945.

Herron was born at Sylvester February 16, 1925, and attended Sylvester schools. He attended Noodle High School one term.

He enlisted in the Army November 26, 1944 and landed in Europe May 1, 1945.

Herron was a member of the Sylvester Baptist Church.

Rev. Gilman of New Mexico was in charge of funeral rites, assisted by Rev. C. R. Blake, pastor of the Sylvester Baptist Church, and Rev. E. H. Phillips, pastor of the Sylvester Methodist Church.

Herron is survived by his parents, Mr. and Mrs. M. E. Herron of Sylvester; two sisters, Mrs. Robert Morton of Harwell and Meddie Grace Herron of Sylvester; and by two brothers, Cloyd and Roy, both of Sylvester.

## Noon Barbecue To Highlight Armistice Day

A free barbecue dinner at noon Thursday will highlight the day's festivities when members of the Hamlin posts of Veterans of Foreign Wars and American Legion join to entertain veterans and their families.

The barbecue will be served at noon in the City Park, and all former service personnel and their families have been invited to attend and participate.

A parade through Hamlin will open the festivities at 10:45 when Boy Scouts, Camp Fire Girls and Girl Scouts will lead the procession, following the colors. Veterans, in uniform or in civies, will follow the scout groups.

A program as a memorial to the dead of two wars will be featured at 11:00 o'clock on the street in front of the post office. Judge Roger Garrett of Anson will be principal speaker at the program.

The final entertainment for the day will be the football game between the Hamlin Pied Pipers and the Rotan Yellowhammers at 2:00 o'clock on the Piper field.

All business houses in Hamlin have been asked to close their doors for the day to permit employees to take part in the observance.

## Notify City if You Want Street Oiled

Property owners who desire to have the streets in front of their property coated with oil are requested to notify the city officials not later than Tuesday, November 16, according to Mayor Holly Toler.

A chart is maintained at the city hall, showing which streets have been oiled, and what property owners have made requests for oiling in each block.

## Scout Leaders Plan School in Stamford

A seven-session course in Boy Scout leadership will be held in Stamford for Boy Scout leaders of Jones and Haskell counties, beginning Monday, November 15, it was announced this week.

The meetings will be held in the Central Christian Church and will begin at 7:30 each evening, according to Dale Hergley.

The course is open to all men who are interested in developing the scouting program, Hergley said.

ATTENDS MEETING.

Dr. W. C. House, pastor of the Hamlin Methodist Church, and his sister, Mrs. Jim C. Wells, went to Dallas Wednesday, where Dr. House attended an area meeting to discuss the new program for Methodist churches. The slogan of "Advance for Christ in His Work" was adopted. Dr. House will return to Hamlin later this week and Mrs. Wells will remain in Dallas as a guest of friends.

## Captain Misener Is En Route to Japan

Capt. Earl C. Misener of Hamlin sailed last week from San Francisco for Yokohama, Japan, where he will be stationed with the Army of Occupation. He is aboard the US Hospital Ship Hope.

Mrs. Misener and her son, Bobby, accompanied by Mr. and Mrs. Jim Hudson of Hamlin went to San Francisco with Misener. While there they visited the Hudson's son-in-law and daughter, Mr. and Mrs. Bill Boulware. They also were the guests of relatives in Bend, Oregon, Eureka, California, and Phoenix, Arizona. In Phoenix the party visited Mr. and Mrs. John Connell, former residents of Hamlin.

Mrs. Misener and son will join the captain in Japan within the next few weeks as soon as housing can be provided.

## Harvest Carnival Set for Nov. 20; Plan Coronation

Plans for a Harvest Carnival in the Hamlin High School auditorium were announced this week by B. V. Newberry, principal of the high school.

The carnival is being sponsored by the junior class, Newberry said, and the main feature of the evening will be coronation of the high school Queen.

Booths will be erected in various parts of the school building, to offer entertainment for carnival patrons. Business houses have been invited to have displays of merchandise for the carnival.

The Queen will be selected from a slate of candidates sponsored by the high school classes. Voting for the Queen will be done by those who attend the event. Each ticket of admission will entitle the purchaser to one vote.

The coronation will take place at 9 o'clock. Harvest princesses will be selected from among grade school candidates.

The carnival is slated to open at 5 p. m., the announcement said.

## New Hope Man Is Suicide Victim; Wife Killed Self

Otto Carl Viertel, 40, of the New Hope community, was found dead about noon Sunday in his farm home southeast of Hamlin. He had a bullet wound in his head and a gun was found near the body.

Justice of the Peace R. J. Barrett returned a verdict of death from a self-inflicted wound from a 22 caliber rifle. He had been dead about three days when the body was found, according to the estimate of Dr. Otis Bowyer.

Viertel's body was discovered by Mrs. H. L. McCafferty, his sister, of Stamford. It was lying on the bed in the dead man's home.

The gun used by Viertel was identified as the same weapon used by his wife to commit suicide in 1935.

Viertel was seen at his mail box last Tuesday by Alvie Wade, a neighbor. Viertel, who had been in ill health and had been taking treatment at Dallas, had lived alone since the death of his father last summer.

Funeral services were conducted at New Hope Church Monday at 4:30 and burial was in the New Hope Cemetery, directed by the Kinney Funeral Home. Viertel had spent his entire life in Jones County.

## McMurry Singer Gives Lions Club Program

Craig Timberlake of McMurry College, Abilene, with Clyde Mitchell as accompanist, entertained members of the Hamlin Lions Club at their Tuesday noon meeting.

Timberlake sang several selections for the group. They were presented to the club by Gordon Bennett, former Hamlin resident, and now public relations director for McMurry.

## SCRAPBOOKS OFFERED

Members of the Hamlin senior class are offering Pied Piper scrapbooks and picture albums for sale to raise money for class activities. The books are in white covers with green lettering.

## Car Crash Kills Betty Maynard

### Neinda Girl, Graduated Here Last May, Is Victim of Accident Sunday Morning

Miss Betty Flo Maynard, 17, of Neinda, died at 3:25 Sunday morning in the Hendrick Memorial Hospital in Abilene from injuries received two hours earlier in an automobile accident 14 miles south of Abilene.

Miss Maynard suffered fatal injuries when an automobile driven by Marvin L. Mantooth, 18, of Abilene overturned shortly after midnight Saturday at the intersection of the Coleman and San Angelo highways.

Mantooth and two other occupants of the car, Billie Hubbard and Donnie Ray Elmore, all of Abilene, escaped the crash with minor injuries. They were given first aid treatment and released from the hospital.

The automobile in which the four young people were riding was going toward Abilene from San Angelo, according to Patrolman H. B. Slaughter and Paul Oder, who investigated the accident.

The car apparently struck the abutment of a culvert and overturned, the officers reported. Miss Maynard was riding in the back seat of the car at the time.

A native of the Neinda community, Miss Maynard was born July 29, 1931 and had been reared in that area. She graduated from Hamlin High school last May and had been employed in Abilene since early in the summer.

Funeral services were conducted in the Neinda Baptist Church Monday at 2:00 p. m., with the Rev. A. C. Roberts, pastor, in charge. Burial was in the Neinda Cemetery, directed by the Barrow Funeral Home.

Miss Maynard is survived by her parents Mr. and Mrs. W. L. Maynard of Neinda, a twin sister, Billie, and a younger sister.

## Diphtheria Scare Is Vaccination Cause

A case of diphtheria in Hamlin last week resulted in numerous vaccinations of school students for the disease, according to J. E. Patterson, business manager of the Memorial Hospital.

Harold Johnson, 16, high school student, was admitted to the hospital last week and has been placed in an isolation ward. His condition was reported greatly improved and it is expected he will be discharged within a few days.

The vaccinations were given to more than a score of children as parents sought to prevent spread of the disease to their families.

## Wolves Defeated Pipers 19 to 6

### Last Game of Season Thursday Afternoon As Climax to Armistice Day; Rotan Here

Scoreless for the first three periods of play, the Hamlin Pied Pipers shoved the ball across twice in the last quarter last Friday night to come within seven points of a tie with the touted Colorado City Wolves on the Piper field.

The game ended in a hard-fought victory for the Wolves, 19-12 after the fighting Pipers failed to attain the necessary tally to tie up the count.

Colorado City scored first on a 70-yard punt returned by W. H. Barker. Third period scoring started with a pass from Brown to Barker through center. This play came late in the third and resulted in another touchdown after a 23-yard run.

In the last quarter the Pipers opened up a ground-air offensive which had been turned away by the Wolves in the first three quarters, and scored on a pair of aerials. Joe Dean passed to Asa Goodgame for 45 yards and six points. A few plays later Dean tossed the ball to Donald Roland with a 30-yard air-

flight and a score.

Time nipped the rally that goaded the Pipers to extra effort, and prevented the locals from tying the score with their favored rivals.

First downs were 11 for each team and the Pipers had the edge on yards gained, the tally standing 283 to 251.

The Pipers will entertain the powerful Rotan Yellowhammers on the Hamlin field Thursday afternoon for the last game of the year for the locals.

The Yellowhammers, shoving through all competition in the season, are expected to be the toughest team the Pipers have faced this year.

However the Pipers have worked hard this week to get in shape for the crucial test, Coach Jesse Burditt said, and members of the squad are going to put up a tough battle for the visitors.

The game will come as the climax to a day-long Armistice celebration, sponsored by the VFW and the American Legion posts.

## "HE LOOKED SUSPICIOUS..."

### Foster Acted on Hunch and Caught Man Driving Stolen Pickup Here

Because the driver of a black Chevrolet pickup acted in a suspicious manner in Hamlin last Thursday shortly after midnight, he is now in the Bowie County jail facing charges of car theft, and the owner of the pickup is once more in possession of his property.

The man was Thomas Henderson Jr., former resident of Hamlin, but who was recently released from the state penitentiary in Huntsville after he had served a two year sentence for car theft.

Henderson was arrested by City Marshal J. H. Foster after the officer had given chase to the pickup and run it for several miles east of the city on the Stamford highway.

Foster said he was called out of bed shortly after midnight to investigate a drunk who had staggered up onto the porch of Mrs. B. Hasen. He was driving around searching for the man when he observed the pickup just east of the Santa Fe tracks.

When Foster drove up he said the driver of the pickup started the car and started east at a rapid rate

of speed.

Foster tried several times to get the driver to stop, and finally succeeded in crowding the machine into the road ditch.

Henderson then leaped from the pickup, Foster said, and started chase in his car and finally told Henderson he'd shoot if he didn't stop.

Foster questioned Henderson about the burglary of Simpson's store in Hamlin Thursday night, but failed to find sufficient evidence to connect the man with the crime.

F. A. Durham of DeKalb in Bowie County said he knew Henderson and had given him a ride to town in the pickup last Tuesday—the day the machine was stolen. He said the machine had a radio and a box of tools in it when it was stolen. Both items were missing when Durham came for the machine.

Mrs. Nettie Williams, who has been in Hamlin for the past five months with her mother, Mrs. D. J. Turner, returned to her home in Dallas last week.

## How Sleep The Dead?

Men were falling on the field of battle in Flanders on that autumn night more than 30 years ago. They were falling amid the roar of guns, the screaming of shells and the rattle of rifles. They were falling with bodies broken and torn by shrapnel, and with lungs seared by death-dealing gas.

And amid the noise and rain of death, and the groans of the wounded there came back to the world a poem penned by a hand that soon was to be stilled in death, and born from a heart that soon would beat no more in the body that now lies shattered beneath a white cross.

The lines of that poem are etched deeply into the hearts of Americans as we observe the anniversary of the Armistice of 1918. Those lines are more deathless than the hand that gave them to the world, and they are more permanent than the generation for which they were intended. They will be read and loved by millions long after time erases the crude cross that honors the memory of John McCrae who now sleeps beneath the crimson poppies.

"We are the dead—short days ago we lived, felt dawn, saw sunset glow," he wrote. And those words stir within our hearts today like a message from beyond the grave.

"If ye break faith with us who die we shall not sleep," the ethereal refrain continued, and then McCrae fell to join his comrades beneath the poppy sod.

And now, more than 30 years, after the gentle heart of John McCrae pumped out his life blood on the gory fields of battle, and after another generation has had its own baptism of blood and fire, how do they sleep?

Have we broken faith with the ones who laid so willingly the supreme sacrifice upon Liberty's altar? Have we held high the torch they threw to us from failing hands?

The guns of Armageddon were not silenced on that November 11, 1918. They merely paused in their deep-throated roar for fresh breath that they might resume their task of destruction 21 years later. And even today, the echoes of those guns is reverberating with chilling din across the field where poppies grow.

How can they sleep when the lesson they died to give has been so soon forgot? How can they rest when men who govern nations, and who have within their hands the power of life and death seem so willing to stain the face of the earth again with the spilled blood of their fellowmen?

We in America abhor war. We in America love the ways of peace and it is hard for us to understand the psychology

of those who are so careless with the lives of young men.

And now as we face the anniversary of the Armistice, we in America are carrying a grave load of responsibility to mankind—a load far greater than has ever before been borne. We face the task of rehabilitating the world which is staggering from two great wars within the span of a single generation. We face the burden of prevailing upon men everywhere to beat their swords into plowshares and their spears into pruning hooks. Our task is to lift high before the eyes of a war-weary world the torch once held by the hands of the war dead.

We must lift that flaming beacon of Liberty so that its cheering rays may illumine once again the dark recesses of the earth now blacked out by the shadows of despotism and tyranny and barbarism. It is our privilege to bring the sweet rest of peace to the mouldering bodies in Flanders graves, and to keep silenced the thundering guns that the sleep of these hallowed dead be not disturbed again.

But this we cannot do if we do not keep faith. We will have failed our honored dead if we do not drive, first from our own hearts and then from the shores of our land, those subversive doctrines that seek to tarnish the ideals of democracy. We cannot answer the faint plea that comes to us across the swaying poppies if we fail to keep Liberty's light burning brightly.

It is fitting that we pause Thursday—pause from our appointed tasks and from our worries, and with bared heads and humble hearts, lift up our voices to the God of our fathers, and pray that this land of ours may not again be engulfed by the holocaust that twice in this century has swept the world.

And after we have besought from the Creator His guidance, and have placed the shores of our homeland in His protective keeping, then we can reply to John McCrae and his fallen comrades:

"Oh! sleep in peace where poppies grow;

The torch your falling hands let go

Was caught by us, again held high,

A beacon light in Flanders sky

That dims the stars to those below.

You are the dead, you held the foe,

And ere the poppies cease to blow,

We'll prove our faith in you who lie

In Flanders Fields."

The important thing in life is to have a great aim, and to possess aptitude and the perseverance to attain it.—Goethe

## University Will Make Study of Weekly Papers

Recognizing the importance of weekly and small city newspapers in Texas, University of Texas School of Journalism students have organized a Grass Roots Press Club.

Purpose of the club will be to visit small city newspapers when feasible, and to bring publishers to the campus to discuss their problems.

Officers are W. Blake Miller, Austin, president; Charles Row, Jr., San Antonio, vice president; Joy Fields, Austin, secretary-treasurer; and Ben Hartley, Mart, reporter. Members at present are enrolled in the Small City Newspaper course taught by Professor Olin E. Hinkle.

"Texas has about 530 weekly newspapers and many fine small dailies—far too important a group to overlook in considering one's journalistic future," Miller said. "Texas weeklies have a circulation in excess of 722,000 and are read by more than half the state's residents. Eighty-five per cent of the Texas population is in towns under 10,000 population. Eighty-four per cent of 1-x-as counties have no city of more than 10,000 population.

## 100,000,000 Cars Produced in U. S. In Half Century

This year the American automobile industry has reached a significant milestone—production of one hundred million motor vehicles.

The 100,000,000 vehicle, like millions ahead of it rolled off the final assembly line in one of 112 car and truck plants scattered over 77 cities in 24 states.

Historians generally credit Charles E. and J. Frank Duryea with building, in 1893 at Springfield, Massachusetts, the first United States automobile powered by a gasoline engine.

Since the first Duryea car 55 years ago, the industry has turned out motor vehicles at an average annual rate of nearly 2,000,000.

While American manufacturers, under the United States system of free enterprise, were producing 100,000,000 motor vehicles, the other countries of the world, some of which began automobile production before the United States, were turning out 24,000,000 motor vehicles. Of the 100,000,000 vehicles produced in America, a total of 21,500,000 units went into export markets.

Today, in 1948, the automotive and related industries employ nearly 9,000,000 persons, or more than one out of every seven individuals earning a living in the United States.

A total of 56 United States firms now produce 21 makes of passenger cars, 39 makes of trucks and 20 makes of motor buses.

The assembly plants are supplied by more than 1,000 parts plants, while about 20,000 other firms furnish a long list of essential materials, supplies and services. Materials for automotive assembly come from all 48 states and more than 50 foreign countries.

With the automotive industry at present turning out about 30 new cars and 10 new trucks and buses every minute of every working day, it is entirely possible that the second 100,000,000 motor vehicles will be produced in the United States in less than half the time required for the first 100,000,000.

## 1948 Cotton Crop Is Up 3 Million Over Last Year; Exports Increased

The cotton crop this year is approximately 3,250,000 bales more than last year's, Dr. A. B. Cox, University of Texas professor of cotton marketing, reported.

The unusually large cotton crop in the United States this year is the result primarily of increased yield per acre. Improved yields per acre account for about 90 per cent of the increase and expanded acreage for only about 10 per cent of the gain.

Exports of United States grown cotton with the help of the Economic Cooperation Administration will probably exceed 4,000,000 bales, and domestic consumption is expected to exceed 9,000,000 bales. This should leave a carryover of about 5,000,000 bales on next August, Dr. Cox said.

World supplies of all cotton for

1948-1949 will be about the same as for 1947-1948 because of the reduced carryover last August. The world production this year is now expected generally to balance world consumption at about 28,000,000 bales.

## New Seismic Method is Boon to Oil Search

A charge of dynamite, set off in the bleak region near the South Pole during the Byrd Expedition of the early '30s, set off a train of events which today gave promise of making the search for oil in Jones County quicker and cheaper.

The explosion was set off during the Byrd Antarctic Expedition of 1933-1935 by Dr. Thomas C. Poulter, second in command and scientific advisor of the expedition, as part of some seismic measurement experiments.

On Thursday, November 4, at Esar Ranch near San Antonio, the new way of making seismic tests for oil was unveiled.

Light charges in the explosive pattern were set up on stakes above the ground, spread around the area to be tested, and all were exploded together.

The new method contrasts with the present system of firing a single, large charge in a hole of considerable depth.

Seismic recording equipment is identical with that now generally in use is employed by the new method. Tests have shown that the above-ground method reduces danger of damaging nearby structures of concrete or other solid material. It also eliminates the dangers of failing stones.

## Winkles Grocery Sold L. G. Server, Rule

A deal was made last week, whereby L. G. Server, former Rule laundryman, became owner of Winkles Grocery in South Hamlin, and L. Winkles took over operation of the steam laundry in Rule.

The two businesses were traded and both men took charge of their new enterprises during the week.

Server, with Mrs. Server and their two children have moved to Hamlin to make their home, and Winkles has moved to Rule.

You spend one-third of your life in bed, so you might as well be comfortable.

Have you ever stopped to think that you spend one-third of your life in bed? Well, it's true. And being comfortable—really comfortable—in bed means sleeping under the evenly distributed warmth of just one Automatic Electric Blanket. It's a simple, inexpensive way to better sleep, better work, better health. It lasts for years. It is as easy to launder as any blanket... Sleep under one once and you'll never be without it.

The gentle warmth a G-E Automatic Electric Blanket gives is automatically maintained at the same temperature all night long by the bedside control.

The Automatic Blanket is carefully made to meet rigid safety standards, and is approved by the Underwriters' Laboratories, Inc. It is certified washable by the American Institute of Laundering.

## Mr. R. Muncy Weds San Antonio Rites

Miss Mary Ruth Muncy, formerly of Hamlin, became the bride of C. McBride of Harlingen in a dual read by Rev. C. M. Fuller in his home in San Antonio October 5. J. W. Muncy of Hamlin, father of the bride, announced this week.

A former resident of Hamlin, Mrs. McBride has made her home in Macomber, Arkansas, with her brother-in-law and sister, Mr. and Mrs. J. T. Reynolds for the past six years.

McBride is the son of Mrs. Dora Martin of Granite, Oklahoma and of the late W. C. McBride Sr.

For her wedding the bride chose a two piece suit of forest green woolen with an egg shell satin blouse and brown accessories. Her flowers were orchids in a shoulder corsage.

Mr. and Mrs. McBride are now at home at 209 West Buchanan Street in Harlingen, where McBride has business and farming interests.

## Wednesday Blue Birds Met in Scout Hut

The Wednesday afternoon Blue Bird group met at 4:00 o'clock last Wednesday afternoon in the Scout hut. The girls made window decorations, sang, played games and listened to stories. A health snack was served to nine members.

The group discussed plans for marching in the Armistice Day parade in Hamlin.

### Vaccination for Children Urged By Health Head

In a statement on controlling communicable diseases issued by the Texas State Department of Health, Dr. George W. Cox, State Health Officer said that if every case of suspected communicable disease were seen promptly by the family physician and definitely diagnosed, thousands of susceptible persons would be protected from these disabling diseases.

"The theory that it is a good thing for children to have these catching childhood diseases and get them over with, has long since been proven an error which may actually endanger a child's life," Dr. Cox claimed. "The longer he can avoid having these diseases, the better it is for him. Every child should be protected by immunization against all diseases where an immunity can be established."

Prompt diagnosis, isolation and good medical care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the milder forms of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine protects not only the patient but helps to prevent the spread of the disease to other persons.

"The State Health Department," Dr. Cox said, "does everything within its power to protect the health of the people of Texas, but the cooperation of every individual in protecting his own health and that of his community will do more than anything else to successfully check the spread of communicable diseases among our people."

#### HAS BROKEN ARM.

Mrs. R. S. Grant, a new resident of Hamlin, suffered a broken right forearm in a fall recently while en route here to make her home. The injury was sustained just before Mrs. Grant, with her daughter and son-in-law, Mr. and Mrs. Henry Henson, left Kansas City. Mr. and Mrs. Henson had gone to Kansas City to attend the funeral for Mrs.

Grant's husband, and to bring her back with them.

#### PATROLMAN TALKS.

Highway Patrolman Dawes of Stamford made a brief talk to members of the driver education class in Hamlin High School last week. He explained driving laws and discussed the reasons for rules that have been adopted governing automobiles.

### Veteran News

How about veteran problems are carried as a service to former service connected personnel by The Herald. Material for the column is supplied by the area office of the Veterans Administration at Lubbock.

#### QUESTIONS AND ANSWERS

Q—I am a disabled veteran. Am I entitled to increased compensation because of my dependents?

A—If your disability rating is 60 per cent or more, you should submit to Veterans Administration documentary evidence of the existence of dependency of your parents so that you may qualify for increased compensation payments under Public Law 877 of the 80th Congress.

Q—My father is supporting a large family. May I claim him as a dependent while I am training under the GI Bill?

A—Dependency will be held to exist if your father does not have an income sufficient to provide reasonable maintenance for himself and members of his family otherwise dependent by reason of mental or physical incapacity.

Q—I am going to college under the GI Bill and would like to know whether I will have to refund the tuition if I leave school before the

end of the school year?

A—If you drop out of college before the end of the period for which tuition has to be paid by Veterans Administration, you will have to pay VA for the time you did not attend school or you will lose the training time covered by the payments.

Q—Is the amount of disability compensation in any way affected by the amount of money I earn or receive from other sources?

A—No.

#### VETERAN'S NEWS.

Qualified persons in Texas, Louisiana and Mississippi can now obtain jobs as clerk-stenographers with the VA in Washington, D. C. it has been announced.

VA is extending its recruiting into most parts of the nation because of the current shortage of qualified stenographers in the nation's capital.

Entrance salary for these positions is \$2,498 per year with a very good chance for quick promotion to higher grades, VA said. Travel to Washington will be at government expense.

An adequate number of rooms for single persons are available in Washington at rates from \$5 a week and up. Government quarters at Arlington Farms in dormitories are also available for girls.

Employment may be obtained through any regional office, hospital or center of the Veterans Administration.

## Hamlin Store Is Robbed Thursday

### Cash and Cigarets Are Taken From Simpson's Store; Burglar Sought

Burglars who broke into Simpson's grocery store on North Central avenue last Thursday night took \$8.44 in cash from the store, and an undetermined amount of cigarettes, candy and other items, Joe Simpson, proprietor, said this week.

The burglars entered through the front door of the building, where they pried loose the lock and pulled the door shut after they left to prevent detection of the crime before morning.

Officers have made an intensive investigation in an effort to determine the identity of the burglar, but J. H. Foster, Hamlin city marshal, said no real clues have been uncovered.

A car was observed parked in front of the door to the store about 10:00 o'clock Thursday night, and a machine of the same description was seen at the same place shortly before midnight.

Officers believe that the burglar entered the store, which was well lighted, and remained crouched behind the checking counter to avoid detection while he pilfered the cash drawers and cigarette shelves.

The Simpson store was robbed about three years ago, Simpson said

## Mice Whip Anson In Second Game; To Play Merkel

Anson's Mighty Mice ran true to form last Thursday night when they ran rough shod over the Anson Cubs in a game on Piper Field, a score of 34 to 6.

It was the second time this season the Mice have trounced their caddy seat rivals.

Anson scored first, early in the first period, but failed to convert, and the Mice came back strong to tie out the lead of 6 to 0.

The game was played in a slight drizzle, and the cold of the falling evening caused many fumbles by both teams.

After the opening kickoff Hamlinumbled and Anson recovered to start a series of plays leading to the visitor's lone touchdown.

Troyce Hargrove ran 40 yards through the Anson line for Hamlin's first touchdown, and passed to Robert Fletcher for the extra point. Later Hargrove passed again to Fletcher for a 20-yard throw and a second score. The extra point was good.

In the second period Hargrove tied 10 yards off tackle for the all and scored a touchdown. He followed through the same hole for the extra tally.

Starting throughout the game, Hargrove intercepted a pass after he half and raced 60 yards for his first touchdown of the game. Blocking for the run was perfect.

Blanton Butler shoved his way through the line in the fourth period and eluded a pair of Anson players. He then raced 72 yards for the lone score. Hargrove's kick was good.

The Mice will play Merkel next Friday, November 16 to wind up the season. The game scheduled for Merkel for October 28 was called off because of bad weather.

Long Is Fined \$100 on Disturbance Charge

Andy Long of Hamlin was fined \$100 and \$17.60 costs in county court Monday morning on a charge of being intoxicated and disturbing the peace, according to records of the court.

Long was arrested in Hamlin Monday night by City Marshal J. H. Foster. The defendant was released to jail when he was unable to pay the fine.

RELATIVE DIED.

Lola Harbert of Hamlin went to Sunday to attend funeral services for her sister-in-law, Mrs. B. B. B. She was accompanied by Mrs. Weldon Carter and Joe Wayne, of Hamlin, Mrs. J. J. J. and two children of J. J. J. and Mrs. J. T. Hart of J. J. J.

PFC. JAMES F. HERRON

## Rites Conducted For Herron in Noodle Church

Funeral services for Pfc. James F. Herron of Sylvester were conducted in the Noodle Baptist Church at 2:00 p. m. Wednesday with the Sylvester post of the American Legion in charge.

Herron's body was returned to his native community this week from Europe, where the young soldier was killed in a traffic accident in Western Germany, October 28, 1945.

Herron was born at Sylvester February 16, 1925, and attended Sylvester schools. He attended Noodle High School one term.

He enlisted in the Army November 26, 1944 and landed in Europe May 1, 1945.

Herron was a member of the Sylvester Baptist Church.

Rev. Gilman of New Mexico was in charge of funeral rites, assisted by Rev. C. R. Blake, pastor of the Sylvester Baptist Church, and Rev. E. H. Phillips, pastor of the Sylvester Methodist Church.

Herron is survived by his parents, Mr. and Mrs. M. E. Herron of Sylvester; two sisters, Mrs. Robert Morton of Harwell and Meddie Grace Herron of Sylvester; and by two brothers, Cloyd and Roy, both of Sylvester.

## Noon Barbecue To Highlight Armistice Day

A free barbecue dinner at noon Thursday will highlight the day's festivities when members of the Hamlin posts of Veterans of Foreign Wars and American Legion join to entertain veterans and their families.

The barbecue will be served at noon in the City Park, and all former service personnel and their families have been invited to attend and participate.

A parade through Hamlin will open the festivities at 10:45 when Boy Scouts, Camp Fire Girls and Girl Scouts will lead the procession, following the colors. Veterans, in uniform or in civies, will follow the scout groups.

A program as a memorial to the dead of two wars will be featured at 11:00 o'clock on the street in front of the post office. Judge Roger Garrett of Anson will be principal speaker at the program.

The final entertainment for the day will be the football game between the Hamlin Pied Pipers and the Rotan Yellowhammers at 2:00 o'clock on the Ipper field.

All business houses in Hamlin have been asked to close their doors for the day to permit employees to take part in the observance.

## Notify City if You Want Street Oiled

Property owners who desire to have the streets in front of their property coated with oil are requested to notify the city officials not later than Tuesday, November 16, according to Mayor Holly Toler.

A char is maintained at the city hall, showing which streets have been oiled, and what property owners have made requests for oiling in each block.

## Scout Leaders Plan School in Stamford

A seven-session course in Boy Scout leadership will be held in Stamford for Boy Scout leaders of Jones and Haskell counties, beginning Monday, November 15, it was announced this week.

The meetings will be held in the Central Christian Church and will begin at 7:30 each evening, according to Dale Hoxley.

The course is open to all men who are interested in developing the scouting program, Hoxley said.

## ATTENDS MEETING.

Dr. W. C. House, pastor of the Hamlin Methodist Church, and his sister, Mrs. Jim C. Wells, went to Dallas Wednesday, where Dr. House attended an area meeting to discuss the new program for Methodist churches. The slogan of "Advance for Christ in His Work," was adopted. Dr. House will return to Hamlin later this week and Mrs. Wells will remain in Dallas as a guest of friends.

## Captain Misener Is En Route to Japan

Capt. Earl C. Misener of Hamlin sailed last week from San Francisco for Yokohama, Japan, where he will be stationed with the Army of Occupation. He is aboard the US Hospital Ship Hope.

Mrs. Misener and their son, Bobby, accompanied by Mr. and Mrs. Jim Hudson of Hamlin went to San Francisco with Misener. While there they visited the Hudson's son-in-law and daughter, Mr. and Mrs. Bill Boulware. They also were the guests of relatives in Bend, Oregon, Eureka, California, and Phoenix, Arizona. In Phoenix the party visited Mr. and Mrs. John Connell, former residents of Hamlin.

Mrs. Misener and son will join the captain in Japan within the next few weeks as soon as housing can be provided.

## Harvest Carnival Set for Nov. 20; Plan Coronation

Plans for a Harvest Carnival in the Hamlin High School auditorium were announced this week by B. V. Newberry, principal of the high school.

The carnival is being sponsored by the junior class, Newberry said, and the main feature of the evening will be coronation of the high school Queen.

Booths will be erected in various parts of the school building, to offer entertainment for carnival patrons. Business houses have been invited to have displays of merchandise for the carnival.

The Queen will be selected from a slate of candidates sponsored by the high school classes. Voting for the Queen will be done by those who attend the event. Each ticket of admission will entitle the purchaser to one vote.

The coronation will take place at 9 o'clock. Harvest princesses will be selected from among grade school candidates.

The carnival is slated to open at 5 p. m., the announcement said.

## New Hope Man Is Suicide Victim; Wife Killed Self

Otto Carl Viertel, 40, of the New Hope community, was found dead about noon Sunday in his farm home southeast of Hamlin. He had a bullet wound in his head and a gun was found near the body.

Justice of the Peace R. J. Barrett returned a verdict of death from a self-inflicted wound from a 22 caliber rifle. He had been dead about three days when the body was found, according to the estimate of Dr. Otis Bowyer.

Viertel's body was discovered by Mrs. H. L. McCafferty, his sister, of Stamford. It was lying on the bed in the dead man's home.

The gun used by Viertel was identified as the same weapon used by his wife to commit suicide in 1935. Viertel was seen at his mail box last Tuesday by Alvie Wade, a neighbor. Viertel, who had been in ill health and had been taking treatment at Dallas, had lived alone since the death of his father last summer.

Funeral services were conducted at New Hope Church Monday at 4:30 and burial was in the New Hope Cemetery, directed by the Kin-Hope Funeral Home. Viertel had spent his entire life in Jones County.

## McMurry Singer Gives Lions Club Program

Craig Timberlake of McMurry College, Abilene, with Clyde Mitchell as accompanist, entertained members of the Hamlin Lions Club at their Tuesday noon meeting.

Timberlake sang several selections for the group. They were presented to the club by Gordon Bennett, former Hamlin resident, and now public relations director for McMurry.

## SCRAPBOOKS OFFERED

Members of the Hamlin senior class are offering Pied Piper scrapbooks and picture albums for sale to raise money for class activities. The books are in white covers with green lettering.

## Car Crash Kills Betty Maynard

### Neinda Girl, Graduated Here Last May, Is Victim of Accident Sunday Morning

Miss Betty Flo Maynard, 17, of Neinda, died at 3:25 Sunday morning in the Hendrick Memorial Hospital in Abilene from injuries received two hours earlier in an automobile accident 14 miles south of Abilene.

Miss Maynard suffered fatal injuries when an automobile driven by Marvin L. Mantooth, 18, of Abilene overturned shortly after midnight Saturday at the intersection of the Coleman and San Angelo highways.

Mantooth and two other occupants of the car, Billie Hubbard and Donnie Ray Elmore, all of Abilene, escaped the crash with minor injuries. They were given first aid treatment and released from the hospital.

The automobile in which the four young people were riding was going toward Abilene from San Angelo, according to Patrolman H. B. Slaughter and Paul Oder, who investigated the accident.

The car apparently struck the abutment of a culvert and overturned, the officers reported. Miss Maynard was riding in the back seat of the car at the time.

A native of the Neinda community, Miss Maynard was born July 29, 1931 and had been reared in that area. She graduated from Hamlin High school last May and had been employed in Abilene since early in the summer.

Funeral services were conducted in the Neinda Baptist Church Monday at 2:00 p. m., with the Rev. A. C. Roberts, pastor, in charge. Burial was in the Neinda Cemetery, directed by the Barrow Funeral Home.

Miss Maynard is survived by her parents Mr. and Mrs. W. L. Maynard of Neinda, a twin sister, Billie, and a younger sister.

## Diphtheria Scare Is Vaccination Cause

A case of diphtheria in Hamlin last week resulted in numerous vaccinations of school students for the disease, according to J. E. Patterson, business manager of the Memorial Hospital.

Harold Johnson, 16, high school student, was admitted to the hospital last week and has been placed in an isolation ward. His condition was reported greatly improved and it is expected he will be discharged within a few days.

The vaccinations were given to more than a score of children as parents sought to prevent spread of the disease to their families.

## Wolves Defeated Pipers 19 to 6

### Last Game of Season Thursday Afternoon As Climax to Armistice Day; Rotan Here

Scoreless for the first three periods of play, the Hamlin Pied Pipers shoved the ball across twice in the last quarter last Friday night to come within seven points of a tie with the touted Colorado City Wolves on the Piper field.

The game ended in a hard-fought victory for the Wolves, 19-12 after the fighting Pipers failed to attain the necessary tally to tie up the count.

Colorado City scored first on a 70-yard punt returned by W. H. Barker. Third period scoring started with a pass from Brown to Barker through center. This play came late in the third and resulted in another touchdown after a 23-yard run.

In the last quarter the Pipers opened up a ground-air offensive which had been turned away by the Wolves in the first three quarters, and scored on a pair of aerials. Joe Dean passed to Asa Goodgame for 45 yards and six points. A few plays later Dean tossed the ball to Donald Roland with a 30-yard air

flight and a score. Time nipped the rally that goaded the Pipers to extra effort, and prevented the locals from tying the score with their favored rivals.

First downs were 11 for each team and the Pipers had the edge on yards gained, the tally standing 283 to 251.

The Pipers will entertain the powerful Rotan Yellowhammers on the Hamlin field Thursday afternoon for the last game of the year for the locals.

The Yellowhammers, showing through all competition in the season, are expected to be the toughest team the Pipers have faced this year.

However the Pipers have worked hard this week to get in shape for the crucial test, Coach Jesse Burditt said, and members of the squad are going to put up a tough battle for the visitors.

The game will come as the climax to a day-long Armistice celebration, sponsored by the VFW and the American Legion posts.

## "HE LOOKED SUSPICIOUS..."

### Foster Acted on Hunch and Caught Man Driving Stolen Pickup Here

Because the driver of a black Chevrolet pickup acted in a suspicious manner in Hamlin last Thursday shortly after midnight, he is now in the Bowie County jail facing charges of car theft, and the owner of the pickup is once more in possession of his property.

The man was Thomas Henderson Jr., former resident of Hamlin, but who was recently released from the state penitentiary in Huntsville after he had served a two year sentence for car theft.

Henderson was arrested by City Marshal J. H. Foster after the officer had given chase to the pickup and run it for several miles east of the city on the Stamford highway.

Foster said he was called out of bed shortly after midnight to investigate a drunk who had staggered up onto the porch of Mrs. B. Hasen. He was driving around searching for the man when he observed the pickup just east of the Santa Fe tracks.

When Foster drove up he said the driver of the pickup started the car and started east at a rapid rate

of speed. Foster tried several times to get the driver to stop, and finally succeeded in crowding the machine into the road ditch.

Henderson then leaped from the pickup, Foster said, and started chase in his car and finally told Henderson he'd shoot if he didn't stop.

Foster questioned Henderson about the burglary of Simpson's store in Hamlin Thursday night, but failed to find sufficient evidence to connect the man with the crime.

F. A. Durham of DeKalb in Bowie County said he knew Henderson and had given him a ride to town in the pickup last Tuesday—the day the machine was stolen. He said the pickup had had a radio and a box of tools in it when it was stolen. Both items were missing when Durham came for the machine.

Mrs. Nettie Williams, who has been in Hamlin for the past five months with her mother, Mrs. D. J. Turner, returned to her home in Dallas last week.

## How Sleep The Dead?

Men were falling on the field of battle in Flanders on that autumn night more than 30 years ago. They were falling amid the roar of guns, the screaming of shells and the rattle of rifles. They were falling with bodies broken and torn by shrapnel, and with lungs seared by death-dealing gas.

And amid the noise and rain of death, and the groans of the wounded there came back to the world a poem penned by a hand that soon was to be stilled in death, and born from a heart that soon would beat no more in the body that now lies shattered beneath a white cross.

The lines of that poem are etched deeply into the hearts of Americans as we observe the anniversary of the Armistice of 1918. Those lines are more deathless than the hand that gave them to the world, and they are more permanent than the generation for which they were intended. They will be read and loved by millions long after time erases the crude cross that honors the memory of John McCrae who now sleeps beneath the crimson poppies.

"We are the dead—short days ago we lived, felt dawn, saw sunset glow," he wrote. And those words stir within our hearts today like a message from beyond the grave.

"If ye break faith with us who die we shall not sleep," the ethereal refrain continued, and then McCrae fell to join his comrades beneath the popped sod.

And now, more than 30 years after the gentle heart of John McCrae pumped out his life blood on the gory fields of battle, and after another generation has had its own baptism of blood and fire, how do they sleep?

Have we broken faith with the ones who laid so willingly the supreme sacrifice upon Liberty's altar? Have we held high the torch they threw to us from failing hands?

The guns of Armageddon were not silenced on that November 11, 1918. They merely paused in their deep-throated roar for fresh breath that they might resume their task of destruction 21 years later. And even today, the echoes of those guns is reverberating with chilling din across the field where poppies grow.

How can they sleep when the lesson they died to give has been so soon forgot? How can they rest when men who govern nations, and who have within their hands the power of life and death seem so willing to stain the face of the earth again with the spilled blood of their fellowmen?

We in America abhor war. We in America love the ways of peace and it is hard for us to understand the psychology

of those who are so careless with the lives of young men.

And now as we face the anniversary of the Armistice, we in America are carrying a grave load of responsibility to mankind—a load far greater than has ever before been borne. We face the task of rehabilitating the world which is staggering from two great wars within the span of a single generation. We face the burden of prevailing upon men everywhere to beat their swords into plowshares and their spears into pruning hooks. Our task is to lift high before the eyes of a war-weary world the torch once held by the hands of the war dead.

We must lift that flaming beacon of Liberty so that its cheering rays may illumine once again the dark recesses of the earth now blacked out by the shadows of despotism and tyranny and barbarism. It is our privilege to bring the sweet rest of peace to the mouldering bodies in Flanders graves, and to keep silenced the thundering guns that the sleep of these hallowed dead be not disturbed again.

But this we cannot do if we do not keep faith. We will have failed our honored dead if we do not drive, first from our own hearts and then from the shores of our land, those subversive doctrines that seek to tarnish the ideals of democracy. We cannot answer the faint plea that comes to us across the swaying poppies if we fail to keep Liberty's light burning brightly.

It is fitting that we pause Thursday—pause from our appointed tasks and from our worries, and with bared heads and humble hearts, lift up our voices to the God of our fathers, and pray that this land of ours may not again be engulfed by the holocaust that twice in this century has swept the world.

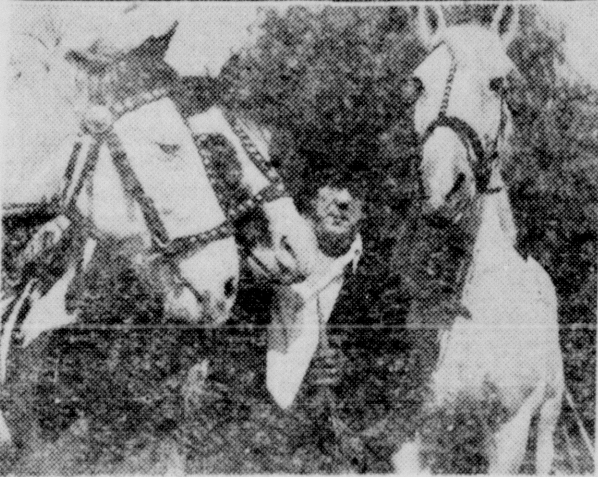

And after we have besought from the Creator His guidance, and have placed the shores of our homeland in His protective keeping, then we can reply to John McCrae and his fallen comrades:

"Oh, sleep in peace where poppies grow;

The torch your falling hands let go  
Was caught by us, again held high,  
A beacon light in Flanders sky  
That dims the stars to those below.

You are the dead, you held the foe,  
And ere the poppies cease to blow,  
We'll prove our faith in you who lie  
In Flanders Fields."

The important thing in life is to have a great aim, and to possess aptitude and the perseverance to attain it.—Goethe

## MOSLAH SHRINE CIRCUS, BIGGER AND BETTER THAN EVER, TO OPEN IN FORT WORTH NOVEMBER 19 FOR 10-DAY RUN

## University Will Make Study of Weekly Papers

Recognizing the importance of weekly and small city newspapers in Texas, University of Texas School of Journalism students have organized a Grass Roots Press Club.

Purpose of the club will be to visit small city newspapers when feasible, and to bring publishers to the campus to discuss their problems.

Officers are W. Blake Miller, Austin, president; Charles Row, Jr., San Antonio, vice president; Joy Fields, Austin, secretary-treasurer, and Ben Hartley, Mart, reporter. Members at present are enrolled in the Small City Newspaper course taught by Professor Olin E. Hinkle.

"Texas has about 530 weekly newspapers and many fine small dailies—far too important a group to overlook in considering one's journalistic future," Miller said. "Texas weeklies have a circulation in excess of 722,000 and are read by more than half the state's residents. Eighty-five per cent of the Texas population is in towns under 10,000 population. Eighty-four per cent of Texas counties have no city of more than 10,000 population.

American weekly newspapers spent \$43,000,000,000 in 1947, or about 41 per cent of all money going into retail trade. This fact, plus the high readership of the small papers, makes the American weekly an unusually stable institution. It has a place which no other medium of communication can fill."

## 100,000,000 Cars Produced in U. S. In Half Century

This year the American automobile industry has reached a significant milestone—production of one hundred million motor vehicles.

The 100,000,000 vehicle, like millions ahead of it, rolled off the final assembly line in one of 112 car and truck plants scattered over 77 cities in 24 states.

Historians generally credit Charles E. and J. Frank Duryea with building, in 1893 at Springfield, Massachusetts, the first United States automobile powered by a gasoline engine.

Since the first Duryea car 55 years ago, the industry has turned out motor vehicles at an average annual rate of nearly 2,000,000.

While American manufacturers, under the United States system of free enterprise, were producing 100,000,000 motor vehicles, the other countries of the world, some of which began automobile production before the United States, were turning out 24,000,000 motor vehicles. Of the 100,000,000 vehicles produced in America, a total of 21,500,000 units went into export markets.

Today, in 1948, the automotive and related industries employ nearly 9,000,000 persons, or more than one out of every seven individuals earning a living in the United States.

A total of 56 United States firms now produce 21 makes of passenger cars, 39 makes of trucks and 20 makes of motor buses.

The assembly plants are supplied by more than 1,000 parts plants, while about 20,000 other firms furnish a long list of essential materials, supplies and services. Materials for automotive assembly come from all 48 states and more than 50 foreign countries.

With the automotive industry at present turning out about 30 new cars and 10 new trucks and buses every minute of every working day, it is entirely possible that the second 100,000,000 motor vehicles will be produced in the United States in less than half the time required for the first 100,000,000.

## 1948 Cotton Crop Is Up 3 Million Over Last Year; Exports Increased

The cotton crop this year is approximately 3,250,000 bales more than last year's, Dr. A. B. Cox, University of Texas professor of cotton marketing, reported.

The unusually large cotton crop in the United States this year is the result primarily of increased yield per acre. Improved yields per acre account for about 90 per cent of the increase and expanded acreage for only about 10 per cent of the gain.

Exports of United States grown cotton with the help of the Economic Cooperation Administration will probably exceed 4,000,000 bales, and domestic consumption is expected to exceed 9,000,000 bales. This should leave a carryover of about 5,000,000 bales on next August, Dr. Cox said.

World supplies of all cotton for

1948-1949 will be about the same as for 1947-1948 because of the reduced carryover last August. The world production this year is now expected generally to balance world consumption at about 28,000,000 bales.

## New Seismic Method is Boon to Oil Search

A charge of dynamite, set off in the bleak region near the South Pole during the Byrd Expedition of the early '30s, set off a train of events which today gave promise of making the search for oil in Jones County quicker and cheaper.

The explosion was set off during the Byrd Antarctic Expedition of 1933-1935 by Dr. Thomas C. Poulter, second in command and scientific advisor of the expedition, as part of some seismic measurement experiments.

On Thursday, November 4, at Es-sar Ranch near San Antonio, the new way of making seismic tests for oil was unveiled.

Light charges in the explosive pattern were set up on stakes above the ground, spread around the area to be tested, and all were exploded together.

The new method contrasts with the present system of firing a single, large charge in a hole of considerable depth.

Seismic recording equipment is identical with that now generally in use is employed by the new method. Tests have shown that the above-ground method reduces danger of damaging nearby structures of concrete or other solid material. It also eliminates the dangers of falling stones.

## Winkles Grocery Sold L. G. Server, Rule

A deal was made last week, whereby L. G. Server, former Rule laundryman, became owner of Winkles Grocery in South Hamlin, and R. L. Winkles took over operation of the steam laundry in Rule.

The two businesses were traded and both men took charge of their new enterprises during the week.

Server, with Mrs. Server and their two children have moved to Hamlin to make their home, and Winkles has moved to Rule.

## Girls Forget Fears, Thanks To 2-Way Help

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI's 2-way help. You see, CARDUI may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times", get CARDUI today.

## Vaccination for Children Urged By Health Head

In a statement on controlling communicable diseases issued by the Texas State Department of Health, Dr. George W. Cox, State Health Officer said that if every case of suspected communicable disease were seen promptly by the family physician and definitely diagnosed, thousands of susceptible persons would be protected from these disabling diseases.

"The theory that it is a good thing for children to have these catching childhood diseases and get them over with, has long since been proven an error which may actually endanger a child's life," Dr. Cox claimed. "The longer he can avoid having these diseases, the better it is for him. Every child should be protected by immunization against all diseases where an immunity can be established."

Prompt diagnosis, isolation and good medical care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the milder forms of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine protects not only the patient but helps to prevent the spread of the disease to other persons.

"The State Health Department," Dr. Cox said, "does everything within its power to protect the health of the people of Texas, but the cooperation of every individual in protecting his own health and that of his community will do more than anything else to successfully check the spread of communicable diseases among our people."

### HAS BROKEN ARM.

Mrs. R. S. Grant, a new resident of Hamlin, suffered a broken right forearm in a fall recently while en route here to make her home. The injury was sustained just before Mrs. Grant, with her daughter and son-in-law, Mr. and Mrs. Henry Henson, left Kansas City. Mr. and Mrs. Henson had gone to Kansas City to attend the funeral for Mrs.

Grant's husband, and to bring her back with them.

### PATROLMAN TALKS.

Highway Patrolman Dawes of Stamford made a brief talk to members of the driver education class in Hamlin High School last week. He explained driving laws and discussed the reasons for rules that have been adopted governing automobiles.

## Veteran News

Below about veteran problems are carried as a service to former service connected personnel by The Herald. Material for the column is supplied by the area office of the Veterans Administration at Lubbock.

### QUESTIONS AND ANSWERS

Q—I am a disabled veteran. Am I entitled to increased compensation because of my dependents?

A—If your disability rating is 60 per cent or more, you should submit to Veterans Administration documentary evidence of the existence of dependency of your parents so that you may qualify for increased compensation payments under Public Law 877 of the 80th Congress.

Q—My father is supporting a large family. May I claim him as a dependent while I am training under the GI Bill?

A—Dependency will be held to exist if your father does not have an income sufficient to provide reasonable maintenance for himself and members of his family otherwise dependent by reason of mental or physical incapacity.

Q—I am going to college under the GI Bill and would like to know whether I will have to refund the tuition if I leave school before the

end of the school year?

A—If you drop out of college before the end of the period for which tuition has to be paid by Veterans Administration, you will have to pay VA for the time you did not attend school or you will lose the training time covered by the payments.

Q—Is the amount of disability compensation in any way affected by the amount of money I earn or receive from other sources?

A—No.

### VETERAN'S NEWS.

Qualified persons in Texas, Louisiana and Mississippi can now obtain jobs as clerk-stenographers with the VA in Washington, D. C., it has been announced.

VA is extending its recruiting in most parts of the nation because of the current shortage of qualified stenographers in the nation's capital.

Entrance salary for these positions is \$2,498 per year with a very good chance for quick promotion to higher grades, VA said. Travel to Washington will be at government expense.

An adequate number of rooms for single persons are available in Washington at rates from \$5 a week and up. Government quarters at Arlington Farms in dormitories are also available for girls.

Employment may be obtained through any regional office, hospital or center of the Veterans Administration.

## Year-Round Danger From Rabies, Is Warning of State Health Official

The "dog-day" of the mid-summer months originally derived their name from the prevalence of rabies spread from rabid dogs at that season of the year, but actually rabies occurs at all times of the year. During the past year the State Health Laboratory found 847 animal brains positive for rabies. Four persons died from the disease.

"Few persons need to be warned that rabies is a fatal disease yet proper precautions against its spread are often neglected. Stray dogs should be humanely destroyed or impounded, and all household pets should be vaccinated. Annual vaccination efficiently practiced will stamp out rabies in Texas," Dr. George W. Cox, said.

The State Health officer stressed this fact as important: A dog suspected of being rabid should not be killed at once, but should be kept confined for 10 days, since this is the infective period before death of the animal. If the dog does not develop rabies within 10 days, the individual bitten is safe as far as that particular bite is concerned. Further observation of the animal should be at the discretion of the veterinarian since many other conditions resemble rabies.

The head of the suspected animal should be packed in ice and sent to the State Health Department for examination. Freezing the brain.

### ATTEND CONVENTION.

Rev. and Mrs. A. R. Posey and Mrs. J. H. Morton left Monday for Houston, where they are attending the Texas State Baptist Convention, in session there this week. Mrs. Tate May left Sunday for Houston, accompanying Judge and Mrs. E. S. Cummings of Abilene. She flew back to Abilene Tuesday evening and was met at the airport by Mr. May, to enable her to teach her English class in Hardin-Simmons University Wednesday morning.

or killing the dog prematurely or in such manner as to injure the brain may make correct laboratory findings impossible.

Mere handling of a rabid animal is not sufficient reason for treatment, as scratches by the animal's paws ordinarily do not constitute exposure. It should be understood that rabies is transmitted only through exposure to saliva which gains entrance into the body wound, ordinarily through a bite.

## Cotton Markets Hold Strong for Second Week

Cotton trading in Oklahoma and Texas markets last week even topped the previous week's brisk business, reports the Production and Marketing Administration, United States Department of Agriculture.

Dallas, Houston and Galveston sold more cotton last week than in any preceding week in the last few years. Sales reached 188,546 bales. Similar heavy sales were recorded at the other seven spot markets of the country, making a grand total of 403,200 bales for the week, about 19 per cent more than for the previous week, but less than a year ago.

Prices remained firm as demand continued good for current ginnings. Buyers from both domestic mills and exporters were in the market. Qualities most in demand included strict low middling bright, an better, ranging in staple lengths from 15-16 inch through 1-1 3/2 inch. Also, demand for low middling in shorter staple lengths was good.

Qualities most in demand in the country embraced low middling through strict middling white cotton, ranging in staple lengths from 13-16 inch through 15-16 inch.

USDA reports that 1,390,460 bales of cotton have been classed through October 22 in the two states. Of this amount, 990,747 bales were for

## Sentinels of Health

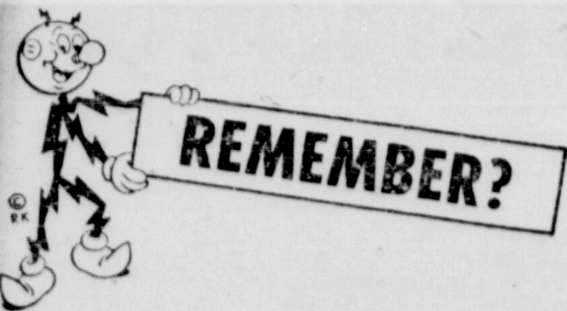

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all work out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper remedy is a diuretic medicine to get rid of excess water from the body.

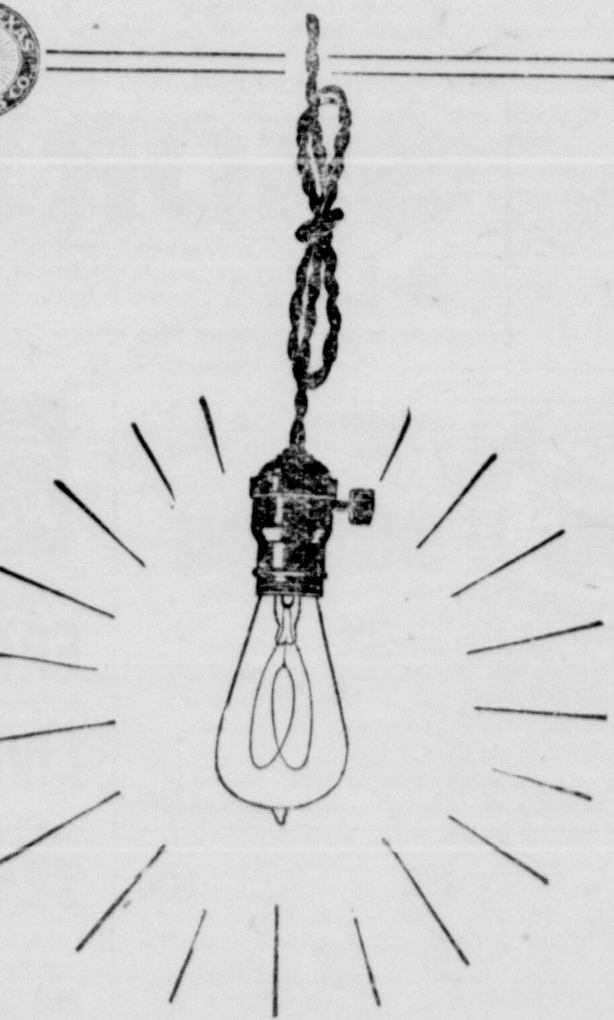

Use Doan's... the Doan's... the Doan's...

REMEMBER when a bare bulb like this was the last word in lighting? That's when you started calling your electric bill a "light" bill.

Then electricity began to take on more chores. It learned to cook and sew and clean, to wash, and iron, preserve food, entertain the family—in general, to make life healthier and happier and easier all around. Lighting became only a fraction of that job.

Naturally, you came to depend on electric service for more and more jobs—until now you couldn't imagine living without electric service! Today your electric service bill is just about the biggest bargain in the family budget—yet what else does so much, for so little?

Yes, it's a service bill today—it does your chores, cleans your home, cooks your meals, and gives you more time for "living."

## McCauley News

By PAULIE SMART

### HALLOWEEN CARNIVAL.

A Halloween Carnival was given in the Ed Mason Gymnasium Friday evening, October 10. A large crowd attended and spent the evening playing bingo, seeing side shows, eating hot dogs and witnessing the entertainment provided by students.

Dixie Maberry was crowned high school queen, and Howard Wayne Faught, her attendant, was crowned king. Martha Hubbard, escorted by Jimmy Darden, was crowned queen of the grade school.

Dukes and duchesses in the royal court were: Mary Lanier Humphries and Wayne McCasland; Francis Hill and Gerry Glenn Jeffries; Joyce Smith and Lelon Ferguson; Barbara Waldrop and Harvey Lawlis; Joy Frances Lawlis and Julius Decker; Joyce Jeffery and Robert Gattman; Sue Hobbs and Gerry Glen Smith; Peggy Lawlis and Billy Wayne Jeffery; Patsy Carroll and John Prather; and Juanita Jo Perryman and Tyrus Hicks.

### SENIOR CLASS OFFICERS.

Officers recently elected for the senior class of McCauley High School are Pauline Smart, president; James Edward Lawlis, vice president; Margaret Miller, secretary-treasurer, and W. A. Hawkins, reporter.

### CAGER SQUAD ELECTIONS.

Election of officers for the McCauley High School girls' basketball team were elected last Friday. They are Dixie Maberry, captain and Pauline Smart, co-captain. Despite the fact that the McCauley team lost several first string players last year, members are looking forward with confidence to a winning season. A tournament will be held at Highland November 13 and 14 and both boys and girls teams participating.

### SENIORS PLAN PROGRAM.

The senior class of McCauley High School will sponsor the appearance of The Texas Saddle Pals in a program in the Ed Mason Gymnasium Wednesday evening, November 17. The public is invited to attend.

### HONOR ROLL ANNOUNCED.

Honor roll for McCauley schools for the first period was announced this week. The honor roll includes high school: Betty Lou Bell, Laura Beth Gartman, Bonnie Beth Jones, Ruby Jo Alexander and Pat Carroll.

For grade school the honor roll includes: Claudie Carpenter, Sue Hobbs, Lucille Smart, Nellie Sue Wicker, Calvin Faught, Derwin Maberry, Jerry Glen Smith, Bette Ann Carroll, Alleta Cook, Donnie Nell Cox, Margaret Davis, Joyce Jeffery, Velma Jean Kean, Palma Jean Lawlis, Mary Lou Maberry, Patricia Rector, George Decker, Dorothy Patton, Anette Smith, Barbara Waldrop, Dorris Forbes, Barbara Henderson, Patricia Griffin, Hattie

## County Votes More Than 4,000 Ballots In Demo Landslide

Jones County voters, more than 4,000 strong, went to the polls last Tuesday to participate in the greatest political upset in modern history and by their ballots their contributed heavily to the Democratic landslide.

County Judge Roger Garrett this week gave The Herald a complete summary of the county's vote in the presidential, senatorial and gubernatorial races, and the total counts on the eight constitutional amendments.

Votes on the amendments were: No. 1, for 1,517, against 718; No. 2, for 1,631, against 592; No. 3, for 1,616 against 612; No. 4, for 1,671, against 540; No. 5, for 1,869, against 463; No. 6, for 1,573, against 680; No. 7, for 1,335, against 834; No. 8, for 889, against 1,387. The eighth amendment was the only one which failed to carry in the county.

In the senatorial race Lyndon Johnson received 3,519 votes to 556 for Jack Porter, his opponent and Sam Morris was given 71.

For governor, Beauford Jester, incumbent, was given 3,818; Lane 233; Overholt 15; Wright 1.

For president, Harry S. Truman, 3,599; Thomas E. Dewey, 432; Thurmond, 132; Watson 11; Wallace 3 and Thomas 0.

For vice president Barkley was given 3,580; Warren 434; Wright 115; Lund 12; Taylor 2 and Smith 1.

## Mrs. Patterson's Rites Tuesday in Calvary Church

Funeral services for Mrs. W. D. Patterson were conducted Tuesday afternoon in the Calvary Baptist Church, with the Rev. W. E. Nunn, pastor, in charge.

Mrs. Patterson, 53, died Monday morning in the Callan Hospital, Rotan. She had been taken there for treatment last week.

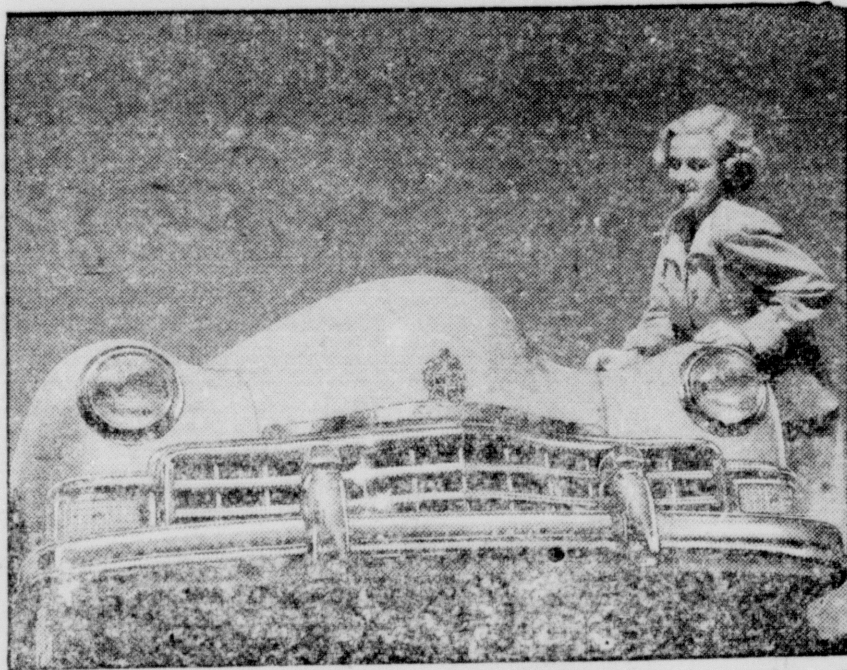

A resident of Hamlin for several years, Mrs. Patterson was well known here and in this part of Jones County.

Burial was in the East Cemetery, directed by the Barrow Funeral Home.

Survivors are one son, Edgar Patterson of Hamlin; three daughters, Mrs. J. B. Perry, Rotan; Mrs. J. W. Patterson, Hamlin and Mrs. W. J. Isbell, Houston; two step-children, Mrs. E. S. Crow and Pete Patterson; and four grandchildren.
